Holy Week

Dear Holy Cross Parents,

I was recently in on a conversation in which a person had asked one of our Catholic School teachers why she chose the path she did. I found her response beautifully stated:

"I make kids work harder than they ever thought they could. I make them wonder. I make them use critical thinking skills. I make them apologize and mean it. I make them understand that Jesus loves them, that they are the Father's son or daughter in Jesus, and that He has a plan for their life that is better than any they could have made. I make them read. I make them show their work in math and perfect their English papers. I make them know that their neighbor is someone that they are called to love and forgive, and I make them understand the dignity of the human person. This is a perfect example of how we integrate our faith into our curriculum at Holy Cross School. We are truly blessed!"
